

# ACI Awarded ISO 9001 Certificate to “**Pest Control Advisory Section (Technical Support Unit) of Food and Environmental Hygiene Department, the Government of HKSAR**”

Accredited Certification International Limited (ACI) has awarded the ISO9001 certificate to Pest Control Advisory Section (Technical Support Unit, TSU) of the Food & Environmental Hygiene Department (FEHD), the Government of HKSAR for its provision of specimen identification service & advice regarding taxonomic service. The mission of FEHD is to ensure the food safety and to maintain a clean and hygienic living environment in Hong Kong. The Pest Control Advisory Section of the FEHD, serving as the Government's advisor on pest control, provides professional advises on prevention and control of public health pest, offers the services of pest controls to the public, and prevents vector-borne diseases.

Technical Support Unit, TSU) of the Food & Environmental Hygiene Department (FEHD)

The certificate issuance provides the evidence that TSU within the scope of provision of specimen identification service & advice regarding taxonomic service complied with the requirements of the international standard. The adoption of quality management system enhances the customer satisfaction of the organization through continual improvement of the system and the assurance of conformity to requirements.

The top management of FEHD expressed their appreciation and thankfulness to the professional auditing services provided by the highly qualified auditing team from ACI. ACI is a renowned certification body, serving the government bodies and the companies in various business sectors and offering professional certification services and training services up to the international standard.
