

## ACI Awarded ISO 50001 Energy Management System Certificate To Sources Fame Management Limited

Accredited Certification International Limited (ACI) has recently awarded ISO 50001 Energy Management System certificate to Sources Fame Management Ltd., with the certification scope of “Provision of property management services for Nina Tower”, as a member of Chinachem Group, Sources Fame Management Ltd. is one of the most experienced property management companies in Hong Kong. They aim to continually reduce their energy use, and therefore their energy costs and their greenhouse gas emissions.

ISO 50001 Energy Management System is developed as the international standard to provide guidance for energy management systems and processes. Companies comply with ISO 50001 are benefited from improved energy efficiency and reduced costs. With the objectives of resource conservation, climate protection and cost savings, it enables an organization to follow a systematic approach in conducting continual improvement of energy use, lowering energy costs, reducing greenhouse gas emission and achieving sustainable energy development.

ACI experienced audit team can continuously improve companies’ Energy Management System through the energy audit and certification process. Our reports and certificates are widely recognized as a symbol of trust and compliance. We devote to maintain the best-in-class certification service.

# ACI 向源發管理有限公司頒發 ISO 50001 能源管理體系證書

國際認可認證有限公司近日向源發管理有限公司頒發了 ISO 50001 能源管理體系證書，認證範圍是“提供如心廣場物業管理服務”。作為華懋集團的一員，源發管理有限公司是本港最具經驗的物業管理公司之一。他們致力於持續減少能源消耗，並由此減少能源方面的開支及減少溫室氣體排放。

ISO 50001 能源管理體系由國際標準化組織 ISO 建立，作為國際標準為能源管理體系和流程提供指引。符合 ISO 50001 要求的公司將能從改善能源效益和減少能源成本中獲益。以節省資源、保護氣候和減少成本為目標，能源管理體系可以讓組織機構通過系統方法對包括能源使用，降低能源成本，減少溫室氣體排放和可持續能源發展進行持續改進。

ACI 經驗豐富的審核團隊能在認證及審核的過程中協助客戶持續改進其公司的能源管理體系。我們的報告和認證證書作為信心的標誌及合規性的證明早已得到廣泛認可。我們致力於保持最佳的認證服務。
