

ACI ~ SR 26000 Social Responsibility Certification

Sustainable business for organizations means not only providing products and services that satisfy the customer, in an environmental-friendly manner, but also operating in a socially responsible manner.

ACI ~SR 26000 based on ISO 26000, the Standard giving guidance on social responsibility (SR), such as human rights, labour practices, fair operating practices, consumer issues, and community involvement and sustainable development. It is intended for use by organizations of all types, in both public and private sectors, in developed and developing countries. It is one of the co-operative components of social responsibility of a corporation.

It enable an organization to establish, implement, maintain and improve a social responsibility management system, including those aspects critical to the stakeholders of the corporations. Company can apply the best practice into their daily operation to contribute better to the society in an effective approach.

ACI ~ SR 26000 will provide practical guidance related to

- operationalizing social responsibility
- identifying and engaging with stakeholders (such as labour rights, safety, ethics, etc.) and
- enhancing credibility of reports and claims made about social responsibility

Benefits:

- Increase confidence and satisfaction in organizations among their customers and other stakeholders
- Build businesses on credible practices
- Broaden awareness of social responsibility
- Prevent unwanted activities such as fraudulent accounting and labour exploitation
- Obtain a common understanding on “Social Responsibility” for implementing relevant policies effectively and efficiently
