

## Use of ACI Certification Mark with IAS Accreditation Mark (Guideline)

### 1. Introduction

IAS is a nonprofit, public-benefit corporation that has been providing accreditation services since 1975. IAS accredits a wide range of companies and organizations including governmental entities, commercial businesses, and professional associations. IAS accreditation programs are based on recognized national and international standards that ensure domestic and/or global acceptance of its accreditations. Currently, ACI is authorized to use the IAS Accreditation Mark (“IAS Mark”) on its ISO 22000:2018 (FSMS), ISO 37001:2016 (ABMS), ISO 41001:2018 (FMS), ISO 55001:2014 (AMS), ISO/IEC 27001:2022 (ISMS) and ISO/IEC 20000-1:2018 (ITMS) certificates. The certified organization (“the Company”) holding an accredited ACI certificate bearing IAS Accreditation Mark can use the ACI Certification Mark together with the IAS Accreditation Mark on stationery, literature and advertisements. The IAS Accreditation Mark shall not be used independently by certified organizations.
